In re: PATENT APPLICATION of
Inventor(s) Van Hamont, et al.

Appln. No.: 08/698,896 (U.S. Patent No. 5,705,197)
Issued January 1, 1998

Group Art Unit: 1617

Reissue Filed: January 6, 2000

Examiner: T. Criares

Title: HYBRID SOLVENT EVAPORATION-EXTRACTION PROCESS FOR
PRODUCING PLGA MICROSPHERES

Date: July 2, 2001

LETTER IN RESPONSE TO NOTICE OF ABANDONMENT

Hon. Commissioner of Patents and Trademarks
Washington, DC 20231

Sir:

Applicants are in receipt of the Notice of Abandonment dated June 20, 2001, issued on the basis that no response to the Office Action dated November 30, 2000 was filed and that the Examiner was unable to contact applicants' representative to inquire regarding same.

A response to the November 30, 2000 Office Action was filed on March 30, 2001, and a copy of it is attached hereto, along with a copy of the postcard receipt date-stamped by the U.S. Patent Office indicating receipt of same.

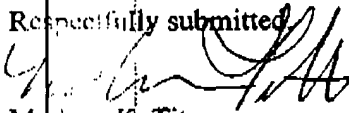

Examiner Criares telephoned the applicants' representative Marlana Titus on or about June 20, 2001, and left a detailed voicemail message indicating that no response to the November 30, 2000 Office Action was apparent. Marlana Titus returned the phone call the following day, but was unable to reach Examiner Criares in person since he had just gone on vacation. She left a detailed voicemail message stating that a response had indeed been filed.

Reissue Application 09/478,822

Upon receipt of the subject notice of abandonment, Marlana Titus contacted Examiner Criares and was told that the notice had been sent before the examiner had received her voicemail message. The Examiner stated that a letter be submitted explaining all this, and that the case would be reinstated as properly pending.

If the Examiner has any inquiries, or would like to discuss any other issue relating to this application, he is invited to contact Applicants' representative, the undersigned, at (301) 924-9600.

Respectfully submitted,

Marlana K. Titus
